

## REAL ESTATE

Be the remote 24/7 real estate agent who is always responsive and always ready to your client needs

Use Textlocal to go beyond a simple SMS alert on a new property. Entice customers with photographs, layouts and location maps of the property. Send a slew of reminders to existing clients on payment alerts to construction updates. Reach anyone in any part of India, by making the most of Textlocal's regional language options

### Show and sell

Looking to improve sales? Send images of the property with its location and even its layout via SMS to your customers. Textlocal allows you to [insert SMS attachments](#) and web URLs, so you can even send them a purchase or lease agreement.

New semi-furnished 3-BHK apt available for rent in HLF properties for Rs. 30,000. See photos: <http://tx.gl/r/tL>

### It's automatic

Now send personalized reminders automatically on everything from the rent to maintenance dues and payment receipts by integrating your CRM with our [SMS APIs](#). Textlocal's best-in-class delivery rates ensure your messages reach timely with low latencies.

DM-RENTRM | 06:00 PM

Hi Ankur, rent due for your 1 BHK

pay by 5th of every month. Ignore if already paid.

## Expand your opt-in database

Promote your [keywords](#), [short codes](#), [long codes](#) communications and get prospective customers reach out to you for more information or to receive a call back.

## Be alert to customer needs

Online portals can send an alert to buyers and sellers when a property matches their needs. This can be for an enquiry or even a transaction.

DM-APTMNT | 02:10 PM

Hi Veda, An apartment matching your requirements has just been listed.

Click here to view: <http://tx.gl/r/tL>

## Speak to everyone in their language

Send [regional language SMS](#) using our incredibly easy transliteration tool. Alternatively, craft and send [mobile-optimized webpages](#) in any language to customers in any part of the country.

## Empower field agents

Field agents can conduct campaigns or send alerts on the move using Textlocal's mobile app. Use Textlocal's [enterprise account](#) to control the tone and quality of the communication, and monitor their usage and activity.

## Be seamlessly responsive

Wow prospects and customers by instantly sending information they seek via an SMS. [Auto-respond](#) with pricing information, construction photos, site plan or other information via SMS or email and make the experience seamless and instant.

## Instant feedback

Gather feedback from your customers using [Textlocal surveys](#) and data collection forms. Survey responses can be viewed on our UI or can be downloaded for further analysis.

DM-FEDBCK | 03:48 PM

Dear Saha, We are glad you found the apartment of your choice. Please click [here](#) to give us your feedback
