Show a child they are worthy of a life filled with hope. Sponsor a child today. Learn more <http://tx.gl/r/TL>

Information on the go

Make it easier for people to donate. With an SMS postcode lookup service they can locate their nearest donation center or local charity service. Forward inbound SMS from customers to your application and send across the location of nearest donation center.

DM-MYHLTH | 04:50 PM

Hi Arun, we received your donation towards MyHealth. Your donation makes a difference to their recovery. Donation receipt: <http://tx.gl/r/TL>

Express gratitude

No more delayed or missed responses. Set up automated personalized thank-you responses along with payment receipts whenever you receive a donation. Integrate your CRM application with Textlocal [SMS APIs](#) in minutes.

DM-SAVPLT | 02:15 PM

Hi Rahul, Thank you for the donation towards SavePlanet. Each donation goes a long way to realize our mission of saving the planet.

Faster outreach

Do away with tedious phone calls to donors. Use Textlocal [bulk SMS](#) to instantly reach out to millions of prospective donors and get quicker responses. Get unmatched delivery rates and detailed engagement data with Textlocal.

Build an informed community

Keep your donors regularly updated with reports and news of activities through a simple SMS that includes web links to relevant information.

Drum up better participation

Assess donor participation by asking them to sign up for an event by simply sending an SMS to your inbox. Easily setup your SMS inbox with our [long code](#) and [short code](#) services.

Easy ticketing and tracking attendance

Ease event management by sending Textlocal [mobile tickets](#) that can be redeemed at the site. Get to know who attended and who didn't.

DM-CONCRT | 07:18 PM

Thank you for your donation! Here is your ticket for G8 concert live organized by Heart foundation.
<http://tx.gl/r/TL>

Easy way to gift aid

Tap into people's urge to do more. Get donors to opt for gift aid along with their donations through a link to a [mobile form](#).
